ENORMOUS PROPERTY LOSS

Slide Followed a Cloudburst—Wires Are
Down and Particulars of the Catastrophe Are Not at
Hand.MIRACULOUS ESCAPE
FOR AUTO OCCUPANTSAfter Dropping 30 Feet Machine Was
Caught in a Tree and Hung Suspended Over a Sheer Drop
of 300 Feet.

New York, Aug. 5.—United States District Attorney Baker of Washington, who successfully prosecuted the government land frauds in the northwest, his bride of two months and several friends who were accompanying them on their honeymoon, had an almost miraculous escape from death yesterday.

While the automobile in which they were traveling was running down a sharp hill on Walnut mountain near Libby, N. Y., the machine got out of control and plunged over a precipice nearly 300 feet in height.

The machine, a big covered car, turned three complete somersaults in the air, and lodged in the boughs of a tree thirty feet below the brink of the precipice. There it hung suspended, top downward, with the frightened occupants held prisoners in the enclosed top of the machine. All were badly bruised and frightened, but none was seriously injured with the exception of the chauffeur. His skull was fractured, one of his ears was torn off, and he sustained other injuries for treatment.

Those in the car with Mr. Baker and his wife were Dr. S. E. Jeliffe, the alienist, who testified in the Thaw trial, and A. Morgan of Washington. As soon as they were rescued from their perilous position in the suspended automobile, the party came to New York, and after a rest at the Hotel Astor, started for their homes.

Montgomery Center, Aug. 5.—Mrs. H. C. Comings of Richford was seriously injured in an automobile accident here last evening. The car, owned and driven by her husband, was a half mile from this village when one front wheel came off. As the speed was moderate, Mr. Comings and two women from Richford, who occupied the back seat, succeeded in escaping injury and Mr. Comings was not thrown out. Mrs. Comings, who was on the front seat, was hurled some distance and badly cut and bruised about the head. A deep gash was cut over and under the eyes, and she was taken in an unconscious condition to the home of Dr. G. S. Clark.

SEN. ALLISON DEAD
AT THE AGE OF 79.Iowa Man Had Been a Power in National Affairs For a Great Many
Years, Had Twice Been a
Presidential Candidate.

Dubuque, Iowa, Aug. 5.—United States Senator W. B. Allison died at his home in this city yesterday afternoon of heart failure and complication of a prostate enlargement and kidney disease. The senator had been unconscious since Saturday last.

News of the serious illness of the aged senator was kept from the public as much as possible and his death came as a surprise to his thousands of friends residing in this city. Only the more intimate friends of the family were aware of his critical condition.

Senator Allison was born at Perry, Ohio, March 2, 1829. His boyhood days were spent on the farm, which was his birthplace. He secured his education in Allegheny college in Pennsylvania, and the Western Reserve college at Ohio. In both of which schools he won high honors.

Senator Allison was admitted to the bar in 1850. He was married to Miss Anna Carter of Wooster, Ohio, at Ashland, Ohio, in February 1854. From 1850 until 1857 he practiced law in Ohio. In 1857 he removed to Dubuque, Iowa, where he continued the practice of law.

Senator Allison was a delegate to the national Republican convention in Chicago 1860. He was a member of the governor's staff during the Civil War and raised union troops. In 1863 he was elected to Congress and served continuously until 1871. In 1873 he was elected United States senator from Iowa and served in this capacity until his death.

Senator Allison was offered the position of secretary of the treasury three times by Presidents Garfield, Harrison and McKinley. He refused the office each time.

In 1892 he was chairman of the international monetary conference at Brussels. He was candidate for the Republican presidential nomination before the national Republican convention in 1888 and again in 1896.

By The Guards—Sultan
Was Not Hurt.

Geneva, Switzerland, Aug. 5.—Sultan Abdul Hamid was stabbed in the breast in his private apartments in Yildiz Kiosk, Monday night, by one of the heads of the young Turkish movement. The message says that only the coat of mail which the sultan wore next to his body saved his life. The blow was so violent that the point of the knife was broken. Guards overpowered the assailant and arrested him. The young man's escape was hampered by a bag of gold he carried, which is believed to have been bribe paid him for the deed.

THIRTY-ONE BODIES
TAKEN FROM RUINSBut The First Estimates of The Dead
at Fernie, B. C., Have Been Materially
Reduced.

Vancouver, B. C., Aug. 5.—While the financial damage by the great forest fire is still placed at about \$8,000,000 the estimate of the dead has dropped to about one hundred. At Fernie 31 bodies have been dragged from the smoldering ruins of the town. It will be days before the full list of the dead is completed. Reports that the town of Michel, where the flames were fought off for days, has been burned, have just reached here. The north wind swept in cinders from the burning forest and the town will probably be totally destroyed before night.

A GORGEOUS
SPECTACLEWas the Knights of Pythias
Parade Today

DELAYED BY A SHOWER

There Were 13,000 People in Line, Although
Many of the Nearby Town
Pythians Did Not Participate.

Boston, Aug. 5.—The parade of subordinate lodges and sister organizations of the Knights of Pythias today was delayed by a morning storm. Later the skies cleared and the parade started at 11 o'clock, an hour late. It did not pass the reviewing stand at the finish until the middle of the afternoon. Although some out-of-town lodges stayed away on account of rain nearly 15,000 members were in line. The spectacle was the most gorgeous Boston has seen in years. Every lodge was costumed. Thirty-five floats competed for valuable prizes.

A POLITICAL BOLT
IN ORANGE COUNTYSamuel M. Gleason, Candidate for His
Old Office of Probate Judge Against
J. B. Peckett, the Convention
Nominee.

Chelsea, Aug. 5.—J. B. Peckett, the Republican nominee for probate judge of the Bradford district at the hands of the recent Republican county convention, will have opposition in the person of the present incumbent, Samuel M. Gleason, whose name has been filed with County Clerk Hale K. Darling by more than one per cent. of the entire vote in the Bradford district. The signers of his nomination as an independent Republican are L. F. Blake, Fred Clay, H. P. Cummings, Jr., Isaac Cutting, L. D. Blake, D. M. Bond, A. W. Jaquith, J. G. Lord, F. L. Lord, Clarence K. Hestorff, F. S. Turner, R. S. Howard, Arthur A. McClure, G. W. Strong and C. A. Adams of Thetford and H. A. Winship, H. E. Parker and M. A. Gale of Bradford.

This bolt from the Republican ticket comes as a surprise through the district as the nomination of Mr. Peckett was made in the convention without a dissenting vote, although it was known at the time that he was not the unanimous choice of the delegates from the Bradford district. Judge Gleason has held his office for 22 years. Judge Gleason will draw a strong Democratic vote.

NOTHING TO WORK ON.

Authorities Chasing Eroy Kent Are at
Standstill.

Rutland, Aug. 5.—The second attempt made yesterday to locate with the aid of bloodhounds Eroy Kent who is charged with the murder of Miss Delia B. Congdon of East Wallingford July 23, served only to explode two more so-called clues. Deputy Sheriff A. A. Leonard of Wallingford and Deputy John H. Polley of Fair Haven took two bloodhounds yesterday morning to Franklin in Windham county where a man stole a revolver and food Sunday. The dogs did not take the scent and the officers decided that the thief was not Kent. The man's kleptomaniac tendency made the authorities think that it might have been he.

Yesterday afternoon the same officers took the dogs to a Wallingford cheese factory near the scene of the murder where a man stole some cheese curds Sunday. If Kent had visited the factory, the rain washed away all scent and the dogs could do nothing. The officers have nothing else on which to work at present.

ASSORTMENT
BEFORE JUDGENine Respondents in Montpelier
City Court

A TENTH STILL NOT HEARD

Biggest Day's Business That Judge Harvey
Had Had in a Long Time,
All of Them for Intoxication
Charges.

An assortment of nine respondents was before Judge Harvey of the Montpelier city court today—the record for the year, at least—and there would have been ten had the chief witness against the tenth been able to be present. The assortment represented an afternoon of activity by the Montpelier police and the sheriff's department.

George McKimney, who said that he had been working at Bolton up to the time he forsook the water wagon, pleaded guilty and went to the county jail for 20 days instead of paying his fine and costs. Henry Dodge of Bethel paid for one first offense, and shocked the judge when he produced a large roll of bills, from which he stripped the amount of his assessment. It is said that several of his companions were trying to take the roll when the officers arrested the bunch at Three-mile bridge.

John Smith of Corinth, a minor, went to jail in default of payment, as did William Gallagher of Richmond. Two second offenders, John Holland of Hardwick and Frank Conway of Moretown, will have a longer stay in Sheriff Tracy's custody, since they did not pay up. R. H. Daley of Calais did pay his fine for intoxication, and Willard Dale of the same place hoped to have a friend come with the money before closing up time.

Michael Doyle of Bolton was the ninth respondent and the sixth initiate to the jail.

Henry Rhoades, who was arrested by Deputy Hastings of Middlesex on the charge of furnishing liquor to Anna Mead, was not called into court today because the chief witness was not ready to testify.

One other case had been heard by Judge Harvey yesterday afternoon, that of State vs. John Murphy, who is charged with stealing a five-dollar bill from Morris Sweetser on July 8. Sweetser and Oswald Smith were the two witnesses heard and they told how Murphy met Sweetser in the Three-mile bridge and plied him for a match and then tried to rob him. Judge Harvey will hear a little more of the case before giving his decision.

WHEELER FOOLED EM;
NO SUICIDE FOR HIMWorcester Farmer Had the Neighborhood
Out in Force Looking for His
Body—He Shows Up
Later.

After being thought a suicide and after the people of his neighborhood had searched the locality for his body, as they supposed, Martin Wheeler, a Worcester farmer, returned home late yesterday and went about his work as if nothing had happened.

Wheeler had had trouble with his wife and he went to see her yesterday to try to get her to return home. When Mrs. Wheeler refused to return to his home he announced that he was going out and shoot himself. He procured a gun and a short time after he went the people heard a shot. They thought then that he had made good his threat. They called up Deputy Sheriff Lawson of Montpelier and search was instituted about the place. They couldn't find any body. But just as they were about to give up, Wheeler returned home.

Domestic affairs in the Wheeler household have been tangled lately. They have not been living together for several months, and Mrs. Wheeler through her attorney, B. E. Bailey of Montpelier, had instituted divorce proceedings against her husband. In connection therewith she had secured an injunction restraining Wheeler from taking jewelry, etc. When the officer went to Wheeler's house, after the issuance of the injunction, to get the property he was unable to find it. He did find Wheeler's aged father, 90 years and over, hanging onto the sewing machine for dear life, apparently on the son's orders. Rather than to have any trouble with the aged man they left the sewing machine there.

NOT SPANIARDS.

Mixed Up in The Row at "Tough End"
on Last Sunday.

Members of the Spanish colony hereabouts take exception to the statement that the men fined for fighting at "Tough End" in Granville Sunday were Spaniards. The men were of some other nationality. The Spanish people say that they do not wish to take the blame for something that they are not responsible for.

Among arrivals at the City hotel last evening and to-day are J. A. Bond, Burlington; A. H. Derry, Mr. and Mrs. A. W. Bliss, Mrs. A. F. Allen, Athol, Mass.; J. Winberger, New York; H. H. Ormsby, Bradford; J. F. Blaney, Boston; William B. Medford, Springfield; A. A. Flint, Albany, N. Y.; W. E. Reed, Boston.

NOT HELD GUILTY.

Had Been Charged With Hurling Rock
Through a Window.

Andre Dragoni, the man who was in city court yesterday charged with throwing a stone through a window of the house occupied by Mrs. Maria Fasini, was allowed his liberty after a trial which lasted nearly all day. The state's witnesses were Mrs. Fasini and her son, Charles, who testified that they saw Dragoni throw the stone through the window.

The defense called Peter Galli and Nicholas Gezone, who testified that they boarded at the same house with Dragoni and that they were with him last Saturday night and that all were at home at one o'clock Sunday morning, the time when the stone was alleged to have been thrown.

Mrs. Beatrice Marchetti testified that she lived in a neighboring house and that she heard men singing in front of her house at 11 o'clock Saturday night, and thought it was the party of which Dragoni was a member. She stated that the stone was thrown at about one o'clock and that she was awakened by the breaking glass.

Judge Scott considered the evidence insufficient for punishing the man, and he was allowed his liberty. J. G. Papin acted as interpreter for the French-speaking people and Milo Mollo for the Italians.

NEARLY A CENTURY OLD.

Oliver G. Bowers Died in Bethel Gilead
Yesterday.

Rutland, Aug. 5.—The people of Bethel Gilead were saddened yesterday to learn of the death of Oliver G. Bowers early that morning at the age of 97 years, 7 months, 12 days. Mr. Bowers, though close to the century mark, had enjoyed good health until he suffered from an attack of pneumonia in the winter from which he had recovered enough so as to be around some. He was a life long resident in that section save for two years that he spent in Royalton learning the blacksmith's trade and until four months ago had lived on the same place. He was always a highly respected citizen and always looked upon the bright side of life. He leaves aside from his aged wife, a daughter, Mrs. Ira Quimby, with whom he lived at the time of his death, and an aged sister, Mrs. Hannah Snow of Sharon. The funeral will be held Thursday afternoon at 1:30 at the home of the daughter, Mrs. Ira Quimby.

DESPONDENT MAN
HANGED HIMSELFRobert Reed of Eden, Aged 60 Years,
Took Advantage of His Wife's Absence
to End His Life.

Eden, Aug. 5.—Robert Reed, aged about 60 years, committed suicide by hanging yesterday. He was in poor health and despondency was the cause. He was left alone for a short time by his wife, who went to call on a neighbor a quarter of a mile distant. She was gone about half an hour and when she returned found him hanging by a chain in the barn, dead.

WAITING FOR ANSWER.

Before Completing Arrangements to Go
to Cape Ann.

The executive committee of the Granite Manufacturers' association met last evening to take action on the invitation of the Cape Ann manufacturers to the local association to visit them the last of next week. The committee took favorable action on the invitation, though it was not definitely decided last evening to go. A telegram was dispatched to the Cape Ann association in regard to arrangements for the excursion, and the committee is now awaiting an answer, which will probably be received to-night, and will decide whether the association goes or not.

If the letters received by the town authorities, complaining of liquor selling were signed the town officers would be glad to clean out all the places that are selling liquor in the town and surrounding places. So say the officials.

BROUGHT FIRE
FROM SKIESElectrical Storm of Last Night
Caused Much Havoc

IN WASHINGTON COUNTY

East Montpelier Man Lost Both House
and Barn—Middlesex Centre Man
Minus His Barn and Stock—
Two Alarms in Montpelier.

While Barre was getting only the picturesque effects of one of the most severe electrical storms of the summer last night, the surrounding country was receiving the actual blows of the bolts from the frowning heavens. Many thousands of dollars of damage was done in various places. The most severe loss of the storm was the destruction of the buildings on the farm of Oramel Stewart on the west hill in East Montpelier. Mr. and Mrs. Stewart were in this city at the time, visiting his sister, Mrs. Orana Goldsberry.

Those who remained at the farmhouse heard a deafening report at about nine o'clock and, thinking that the lightning had struck, they went out and investigated. Not finding any signs of a fire, they returned to the house. Five minutes later their attention was attracted by the roaring of flames, and they discovered the barn to be afire. All that was saved from the barn was one horse; four cows and one hog being destroyed, together with the farming tool and 80 tons of hay. The barn was in good shape.

From the barn the flames spread with great rapidity to the house, which, adjoining and this, too, was soon a mass of flames. Practically all the furniture, however, had been removed from the building and was saved, a temporary structure being put up to house it. The house, as well as the barn, was well built, and the loss of both being the Stewarts' damages to \$5,000 or more. They carried between \$4,000 and \$4,500 insurance on the burned property in the Vermont Mutual company, and in addition they had \$700 on the furniture, in the same company.

Large Loss at Middlesex Center.

At practically the same time, the barn of Bert Daniels in Middlesex Center was burning, having been struck by another bolt. The house of Mr. Daniels is located only 38 feet from the barn, and it was only after very hard work that the dwelling was saved. All the season's hay stored in the barn was burned, while much live stock, consisting of four cows, four hogs and one bull, was also destroyed. The loss is about \$2,500, on which there was an insurance of \$2,000, carried in the Vermont Mutual company.

Two Fire Alarms in Montpelier.

The Montpelier fire department got two calls late last night, but in neither case was there any damage of consequence. Electricity followed the telephone wire into the residence of Dr. G. E. Hunt of Spring street and set fire to the woodwork. The fire company was called out, but found the blaze extinguished before its arrival. Crossed wires caused another alarm at 11:30, the trouble being at the transformer house of the Consolidated Lighting company on the Berlin side. Here there was no damage.

Contrary to expectations the local telephone lines were not damaged by the storm, and the users of the New England system had no trouble at all today. The long-distance lines of the Burlington and St. Albans were somewhat crippled by the intensity of the electrical display.

FIRE AT WATERBURY.

Bert Goodale Badly Burned Trying to
Save Property.

Waterbury, Aug. 5.—Lightning struck the barn of Bert Goodale last night and after the barn was set afire the flames communicated to the dwelling and that, too, was destroyed. With the destruction of the barn was the loss of eight tons of hay and one hog. The insurance was \$600. In trying to save a tool chest, Mr. Goodale was badly burned about the head and arms, and it was at first thought that he would lose his eye-sight. He is better to-day and his sight will probably be all right.
